Subject: Welcome to the 2020 Season

Hello Coaches,

Welcome to the 2020 Arizona Science Olympiad season! Registration is now open. Please note that our website has changed to <https://scilympiad.com/az>. If you use the previous website; it will direct you automatically; however its best to update your website favorites. This website will be used to manage registration, Invitational signups, event signups, volunteering, and scoring for all of our tournaments.

All group emails will come from this website. If you are not registered; you will not receive my communications. Please check your spam folders to make sure these emails have not been redirected.

I encourage Head Coaches, to add your co-coaches to your school. Additionally, High School Coaches, you can add your Team Captains or Club Presidents.

Please let me know if you have any questions.

Reina Gomez, State Director
Arizona Science Olympiad
