

News and Announcements

- MSO Volunteer T-Shirt Design Contest 2023-24!! -

It's our pleasure to announce the MSO T-shirt Design Contest for the 2023-24 season, open to all members of the MSO community and the public!

We are seeking designs for our volunteer T-shirts that will be given to hundreds of registered volunteers during the 2023-24 competition season. The winner will receive two t-shirts and recognition on our social media as a prize for the winning design!

Our requested theme this year is MOVING ROBOTS! Most specifically this references the new event Robot Tour, though moving machines of any sort (such as those in Scrambler, Flight, Wind Power, etc.) will fit the theme!

Send a JPEG of your design to: <mso (dot) communications2023 (at) gmail (dot) com> with the subject header "MSO T-Shirt Design Contest" by 11:59p, December 22, 2023.

The rules:

Designs MUST contain the following:

- Full name "Maryland Science Olympiad", abbreviated name "Maryland Sci Oly", and/or the MSO logo (can be found on Facebook account, or email Communications Team at email above for a copy)
- The competition year: 2024
- We strongly encourage computer-generated designs (such as using Photoshop) that are amenable to digital printing

Designs are encouraged to contain the following:

- 2024 encouraged topic: Moving robots!
- References to events from SO's 2023-24 slate, see here: <https://www.soinc.org/events/2024-event-table>
- Anything else related to Maryland

Winner(s) will be chosen by the T-Shirt Design Contest Committee and notified within several weeks of contest closing.

Thanks for helping to make MSO awesome, and good luck!

DISCLAIMER: *By submitting to the contest, artists state that work is their own and does not use copyrighted, trademarked, or otherwise derived content. Winning artist(s) agree to give explicit and unlimited permission for MSO to use the logo royalty-free for printing onto T-shirts, on their website and social media, and otherwise use the logo in any and all printed and digital media. MSO may, at their sole discretion, modify the winning design for purposes of quality and clarity in printing.*
