

**2019 Division B San Diego Regional Tournament
Preliminary Schedule of Events by Time Blocks**

School testing group assignment (B1, B2, etc.) will be released by December 15, 2018. All teams from the same school take the scheduled events at the same time. Group number should not have an impact on event conflicts since all groups have the same event conflicts.

The San Diego Regional Schedule of Events has the same conflicts as the Southern California State Schedule of Events.
