

## 2020 San Diego Regional Science Olympiad Bulletin #10

Email sent to coaches dated: January 23, 2020

Hello Coaches,

Regional Tournament at San Diego Miramar College count down begins!

### **Please take applicable actions of the upcoming deadlines:**

Event Signup (self-scheduled and scheduled events) – 1/25/2020 7:00 PM

Volunteer Signup – 1/25/2020 7:00 PM

Head Coach Roster - 1/25/2020 7:00 PM

Event Clarifications 1/25/2020 11:59 PM

### **Event Signup (self-scheduled and scheduled events)**

Verify your teams' event signups at Head Coach Dashboard, Event Signup, Show all my signups. Your teams will only be permitted to compete in the events listed at "my signups." NO WALK-IN.

URGENT: There are few teams have yet to sign up for scheduled events. You MUST sign up in order to compete in those events. Scheduled events include Anatomy and Physiology, Crime Busters, Chemistry Lab, Forensics, Protein Modeling, etc...

Event supervisors will rely on the teams that have signed up to prepare testing materials. **If teams failed to sign up and show up expecting to compete, your teams may be very disappointed.**

**Recommendations – sign up based on maximum projected event participation level. NO SHOW is acceptable and expected but NO WALK-IN for any event. Sign up NOW.**

REPEATING: MAKE SURE TO SIGN UP FOR ALL THE EVENTS ON THE EVENT SIGNUP PAGE AND NOT JUST BUILD EVENTS

### **Volunteer Signup**

As a reminder, part of your registration requirements is to provide adult proctors based on the number of registered teams, plus one if your school registered 6 teams. Please do whatever you need to do to recruit your proctors and have them represent your school accordingly. Volunteer signup: <https://scilympiad.com/san-diego-so/Volunteer/VolOps>

After school volunteers have signed up, head coaches are requested to verify that the volunteers have met the following criteria:

Volunteers have not signed up more than half of the number of proctors needed for any event  
Child is not participating in the volunteered signed up event (no conflict of interest).

As a token of appreciation, lunch will be provided to San Diego Regional school volunteers. Lunch order form will be sent to volunteers by early next week.

### **Head Coach Roster**

Head Coach wristbands will be issued based on the final head coach roster as of due date.

**Teams managed by the student board, please nominate an adult and include such adult on the head coach roster. Please inform the designated adult to be available at Team HQ throughout the day.**

Please review head coach roster in the Head Coach Dashboard and update if applicable  
Wristbands will be available on the day of the tournament at check-in

### **Rules Clarifications**

For current list of rules clarifications, please click on this link to be directed to Southern California State: <https://www.socalscioly.org/?tab=clarifications>

Please submit your clarifications prior to deadline.

Head Coach Dashboard: Submit Student/Team Roster, Assign Students to Events

Use this to map students to events for each team and print out schedules for your students. Event groupings are colored coded to call attention to potential scheduling conflicts. The data entered is for team use only and will not transfer to Event Signups. You still must sign up for events by clicking on Event Signup.

### **Team Roster (Roster of Participating Students)**

To align with State, principal signature is required for team rosters. Export function to the Roster of Participating Students will be available by early next week. Meanwhile, continue to enter student information to the online roster in preparation for the export to Roster of Participating Students.

### **Event Parameters**

Certain events require teams to bring their own equipment for testing. Teams not bringing specified items in the Event Rules/Event Parameters will be at a disadvantage as Event Supervisors will not provide them. Items such as eye protection, Chemistry recommended lab equipment for Chemistry events, digital Calibration Thermometer for Detector Building C and much more. Create your own Team Event Equipment checklist is recommended.

Sincerely,  
Zoom Duong
