

2024 San Diego Regional Science Olympiad
 Saturday, Feb. 24, 2024
 San Diego Miramar College

Division B Event Groupings/Conflicts/Time Blocks

San Diego Regional event groupings/conflicts are the same as SoCal State.

Event groupings/conflicts are the same for all schools; however, not all schools will take the scheduled event tests at the same time. All teams from the same school compete in the same scheduled event time blocks.

1) Teams follow the scheduled event rotations according to their assigned team numbers . 2) Use their scheduled event rotations to map out possible self-scheduled event testing time blocks to avoid participants' conflicts. 3) Sign up self-scheduled events once it opens to ensure preferred spots are available.
