

Miramar College Hourglass Gym

Revised 12/13/2022

San Diego Regional has access to 1/2 of the gym, which is owned by Miramar College, and the other half belongs to the City of San Diego. Nets that divide the gym into 2 sections cannot be sealed. We will do our best to minimize the effects of environmental factors such as air currents on the college side; however, the city side is beyond our control or influence.

Basketball teams will use the city side on San Diego Regional tournament day and doors from their side will be wide-opened.

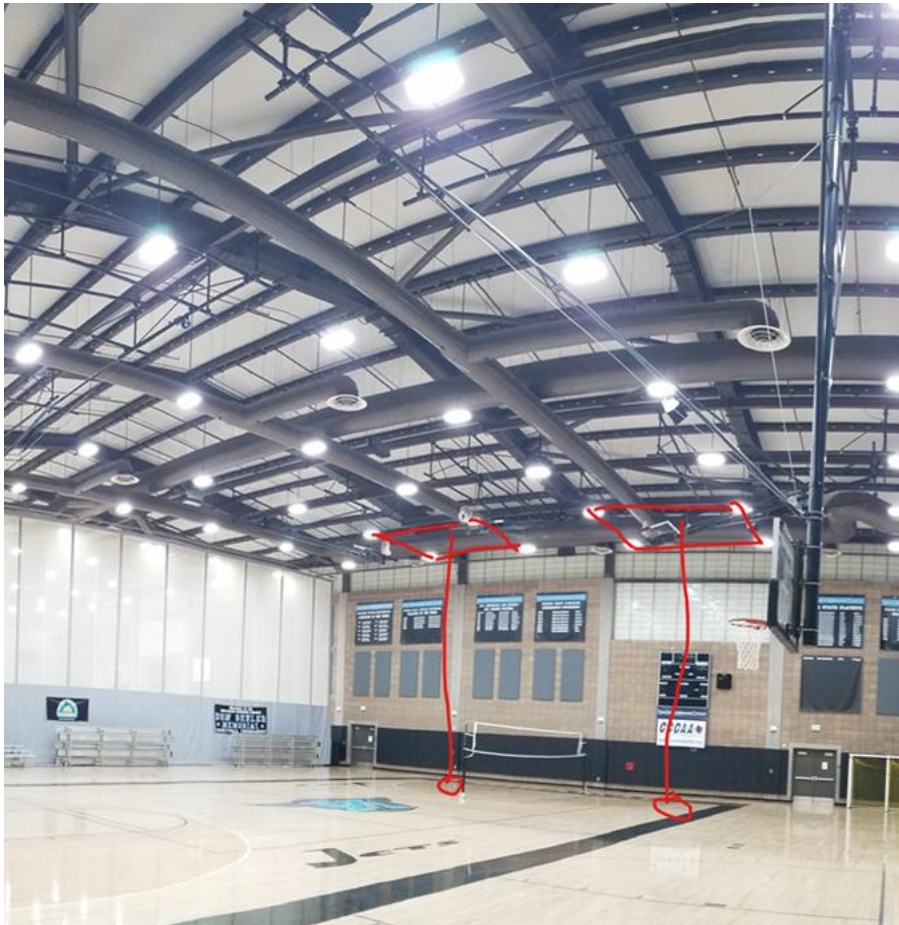

Approximate measurements:

The dimension of the area as 39 meters x 35 meters

The height of light fixtures as 10 meters

The height of the elevated basketball hoops as 8.5 meters

The ceiling height as between 12 and 15 meters

NOTE: No practice at Hourglass Gym (both Miramar and City sections). Please do not jeopardize our relationship with Miramar College and risk your team being penalized.
